

12V OEM DEFOGGER

40A 2-Speed OEM Defogger

The new OEM Defogger, co-designed by Caframo and Beneteau, is built to get boaters out on the water quickly and safely.

Tailored to the specific needs of BJT's Merry Fisher line of boats, the OEM defogger can clear a 78.7" x 39.3" (2m x 1m) windshield in under 5 minutes. Using 2 speed options, the OEM Defogger disperses warm air across the whole windshield, fully defogging it before automatically shutting off after a 5-minute timer expires.

The 12V OEM Defogger has been successfully tested by both Caframo and Beneteau to meet the high standards of both companies.
