

FENDERTEX[®]
INFLATABLE TEXTILE FENDERS

IMPORTANT

All fenders must be inflated to the specifications indicated on the Fendertex pressure table. Underinflation can result in damage to the fender and failure of the internal bladder.

Refer to the instructions for more information.

LONG SIDE COVER NEEDED

All cylindrical fender models **C84** and larger must use the **Long Side Cover** when hung horizontally.

The lower loop is for temporary use only.

Failure to follow the above warnings may void Fendertex 3 year warranty.
