Black Widow

Ultra-Slick Racing Finish

Hard, Slick, Burnishable Racing Finish

-  Contains four slickening agents: Molybdenum Disulfide, PTFE, Graphite, and Silicon
-  Slickest, fastest, and easiest to clean racing paint
-  Provides high performance, multi season, dual biocide antifouling protection
-  Can be polished to a mirror-like finish.
-  Available in quarts and gallons

Black Widow is the slickest, fastest, ultra-smooth burnishable racing finish available. Its powerful dual-biocides provide multi-season protection in all waters. Black Widow is easily applied by roller, brush, or spray and is easily burnishable to a metallic “gun-metal” shine. Black Widow makes an excellent paint for the bottom of any boat where speed is the number one priority, including racing sailboats, and high performance offshore powerboats. Black Widow contains four strong slickening agents: Molybdenum Disulfide, PTFE, Graphite and Silicon.
